***LAREDO URBAN TRANSPORTATION STUDY
2013 UNIFIED PLANNING WORK PROGRAM***

I. INTRODUCTION

The Laredo Urban Transportation Study, in its capacity as the Laredo Metropolitan Planning Organization, provides continuous, cooperative and comprehensive transportation planning for the Laredo Metropolitan Area as required by the Moving Ahead for Progress in the 21st Century Act (MAP-21). The Laredo Metropolitan Transportation Plan was submitted to the Texas Department of Transportation and U. S. Department of Transportation in December 2009.

The 2013 Unified Planning Work Program (UPWP) was adopted by the Laredo Metropolitan Planning Organization Policy Committee on August 9, 2012, following a twenty-day comment period as required by the adopted Public Participation Plan.

A. PURPOSE

The UPWP describes and schedules work to be undertaken by the Laredo Urban Transportation Study during the 2013 fiscal period. The UPWP also includes a financial participation summary. In order to ensure public involvement and participation, all MPO work is conducted in accordance with the adopted Public Participation Plan (PPP). The PPP requires that initial adoption of the Unified Planning Work Program (UPWP) follow at a minimum: a 20 day public comment and review period, 72 hour advanced posting of the Policy Committee meeting wherein final action will occur, and publication of a document summary in the newspaper at least 5 days in advance of adoption. The PPP further requires revisions of the document may only be ratified thru action of the Policy Committee following 72 hour posted advance notice to the public. All elements described are consistent and in support of transportation planning objectives.

SAFETEA-LU requires that the Laredo Metropolitan Transportation Plan address the following eight factors in considering the transportation needs of the Laredo metropolitan planning area. The 2013 UPWP includes tasks that will allow ongoing evaluation of community transportation needs in relation to these eight factors.

1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency.
2. Increase the safety of the transportation system for motorized and non-motorized users.
3. Increase the security of the transportation system for motorized and non-motorized users.
4. Increase the accessibility and mobility of people and for freight.
5. Protect and enhance the environment, promote energy conservation, and improve the quality of life, and promote consistency between transportation improvements and state and local planned growth and economic development patterns.
6. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight.
7. Promote efficient system management and operation.
8. Emphasize the preservation of the existing transportation system.

**FY 2013 UPWP
DRAFT REVISION #3**

B. DEFINITION OF AREA

The Laredo Metropolitan Area includes the City of Laredo and portions of Webb County. (See Map, Appendix B.) The MAB was approved by the Governor in 2004.

C. ORGANIZATION

The Laredo Metropolitan Planning Organization is governed by the Policy Committee established in accordance with bylaws adopted June 9th, 1994 and amended on July 21, 2000. The Committee is chaired by the Mayor of the City of Laredo and includes as voting members: the Laredo District Administrator, TxDOT’s Transportation Planning and Development Director, the Webb County Judge, three members from the City of Laredo City Council, and two Webb County Commissioners. The State Senator for District 21, the State Representative for District 31 and the State Representative for District 42 serve as non-voting, ex-officio members. The Policy Committee is the body of the MPO that provides review and has decision-making authority over transportation planning efforts in the Laredo Metropolitan Area undertaken by the planning staff of the Laredo Urban Transportation Study acting as the Metropolitan Planning Organization and by the Texas Department of Transportation (See Appendix A). Technical Committee responsibilities include professional and technical review of work programs, policy recommendations and transportation planning activities. The Technical Committee includes:

<p><u>City Representatives:</u></p> <ul style="list-style-type: none"> • Laredo City Planner (Chairperson) • The General Manager of the City Transit System • Laredo Manager of Traffic Safety • Laredo Airport Manager • Laredo City Engineer • Laredo Bridge Manager 	<p><u>State Representatives:</u></p> <ul style="list-style-type: none"> • TxDOT Planning Representative (Vice-Chairperson) • TxDOT Special Projects Coordinator • TxDOT Area Engineer • TxDOT South Region Field Representative
<p><u>Federal representatives:</u></p> <ul style="list-style-type: none"> • FHWA Planning Representative (Austin) 	<p><u>School system representatives</u></p> <ul style="list-style-type: none"> • A representative of the Laredo Independent School District • A representative of the United Independent School District
<p><u>County and Regional Representatives:</u></p> <ul style="list-style-type: none"> • Webb County Planning Director • South Texas Development Council Regional Planning Director • The General Manager of the Rural Transit System • Webb County Engineer 	<p><u>Private Sector Representatives:</u></p> <ul style="list-style-type: none"> • A representative of the Kansas City Southern Railway Company • A representative of the Union Pacific Railroad Company • A representative of the Laredo Transportation Association • A Transportation Provider Representative who shall also serve on the Laredo Transportation Advisory Committee

MPO staff includes the MPO Planning Director, a transportation planner, a GIS analyst, a clerk, and others as may be required.

DRAFT REVISION #3**

D. PRIVATE SECTOR INVOLVEMENT

The private sector is encouraged to participate in the development of all transportation programs and plans. Private transportation providers are invited to participate in TIP development as members of the Technical Committee and as project evaluation committee members. Private consultants will be used for the completion of Title VI activities, the Travel Demand Model Update, the TMA Certification Project, the Congestion Management Plan, ADA Paratransit Plan Update, the 2015-2040 Metropolitan Plan Update and the Railroad Quiet Zone Study Update.

E. PLANNING ISSUES AND EMPHASIS

The 2013 UPWP addresses the following transportation areas of concern in the MPO area:

- * Growth and Development Projections
- * Long range planning
- * Public Transportation Needs
- * Congestion Management
- * Impacts of railroads on the community

II. TASK 1.0 - ADMINISTRATION AND MANAGEMENT

A. OBJECTIVE

To ensure that the Laredo Metropolitan Area transportation planning process is fully a cooperative, comprehensive and continuing activity; to monitor ongoing planning activities; to ensure that all modes of transportation are given consideration as elements of a single urban transportation system and are considered in the overall planning process; to ensure public involvement in the transportation planning process.

B. EXPECTED PRODUCTS

The smooth and efficient operation of the Metropolitan Planning Organization to include the following: fulfillment of planning objectives; compliance with state and federal requirements; continuation of a proactive public involvement process; reports and certifications; administration and possible amendment of the 2013 UPWP; revision of the Transportation Improvement Program and the Laredo Metropolitan Transportation Plan.

C. PREVIOUS WORK

The UPWP is an ongoing planning activity as required by the Federal Highway Act of 1962, Title 23, US Code as amended. Previous work has included the preparation of the FY FY 2010, 2011, and 2012 UPWP(s), reports, certifications, and staff training. Title VI/ Environmental Justice issues were addressed in presentation to the Policy Committee. In compliance with State mandate, Staff assisted in the continual revision of the 2011-2014 Transportation Improvement Program (TIP) and the preparation and adoption of the 2013-2016 Transportation Improvement Program (TIP).

D. SUBTASKS

- 1.1 Program support administration. This includes program administration, record keeping, and monitoring completion of UPWP projects, audit, preparation of reports and the 2013 UPWP, interagency coordination, facilitating citizen participation, and preparation of meeting minutes.

**FY 2013 UPWP
DRAFT REVISION #3**

- 1.2 Travel, training, equipment, and supplies. All computer hardware, software and equipment expenditures of Federal planning funds over \$5,000 will require prior approval.
- 1.3 Title VI civil rights evaluation (following FHWA/FTA guidance Objective: To present Title VI topics to the MPO Policy and/or Technical committees. Expected Outcome: To provide continuing education and awareness of environmental justice issues. (To be conducted by consultant.)

E. FUNDING & PARTICIPATION SUMMARY

Task 1 - FY 13

Subtask	Responsible Agency	Transportation Planning Funds (TPF)¹	FTA Sect. 5307	Total
1.1	LUTS	95,000	0	95,000
1.2	LUTS	17,000	0	17,000
1.3	LUTS	3,000	0	3,000
TOTAL		115,000	0	115,000

TxDOT will apply transportation development credits sufficient to provide the match for FHWA PL-112 and FTA Section 5303 programs. As the credits reflect neither cash nor man-hours, they are not reflected in the funding tables.

(1) TPF – This includes both FHWA PL-112 and FTA Section 5303 funds.

III. TASK 2.0 - DATA DEVELOPMENT AND MAINTENANCE

A. OBJECTIVE

Maintain a database on population, housing, land use and transportation characteristics. Monitor growth patterns in the study area for their impact on community transportation systems. Integration of data into GIS for organization, retrieval and analysis, and to forecast pertinent information to continue and further the goals and objectives of comprehensive transportation planning.

B. EXPECTED PRODUCTS

Updated population, land use, housing employment and street databases and maps. A fully integrated mapping/data base system to be used in data retrieval, analysis, projection, mapping, and graphic publication elements of future transportation planning tasks. Demographic data will be done in-house using resources available in the community. The development of the Travel Demand Model for the study area as well as updated Functional Classification Maps.

C. PREVIOUS WORK

For the FY 2012, in-house population statistics for Laredo City, Webb County, and the Laredo MPO geographic area were updated using official 2010 U.S. Census figures. Staff assisted TxDOT TP&P in updating the TxDOT City Street Mileage Data Collection Project to update centerline mileage

information in Laredo, based on different pavement types derived from the street pavement/surface-type GIS layer. In preparation for the 2008-2040 Travel Demand Model, staff geocoded the 2008 Texas Workforce Commission (TWC) employment data, as well as prepared draft 2008, 2015, 2020, 2030 and 2040 demographic (population, households, employment types and street network) projections. Said projections were submitted to TxDOT Transportation Planning and Programming (TP&P) for review and approval. Staff worked with TP&P on the development of a Request for Proposal for the Travel Demand Model Update, which was issued in July, 2012. On March 26th, staff attended a TxDOT TP&P hosted workshop on development of Networks, TAZs, and demographics for MPOs. Other work relates to: updates to the MTP Projects Map as new projects are approved by the MPO Committee and meeting requests for data and map printouts.

D. SUBTASKS

- 2.1 Growth and development monitoring projections. The GIS Analyst will assist the selected consultant by providing any in-house collected demographic data related to population, land use, housing, and employment. The GIS Analyst will review base year estimates and forecasts of population and employment produced by selected consultant. Train personnel on GIS and computer equipment/software use. Purchase materials and supplies for printing maps.
- 2.2 Travel Demand Model Update
Objective: The GIS Analyst will review all socioeconomic data, necessary for the updating of the 2003 Travel Demand Model, produced by selected consultant. Expected Outcome: Update of the current travel demand model from a 2003 to a 2008 base year and from a 2035 forecast year to a 2040 forecast year (to be conducted by consultant). This is a carryover project.
- 2.3 Functional Classification Update
Objective: To review and update the federal functional classification system for the MPO study area. Expected Outcome: An updated map reflecting federal functional classification in conformance with most recent census data. (This is a carryover project)

E. FUNDING & PARTICIPATION SUMMARY

Task 2 – FY 13

(1) TPF – This includes both FHWA PL-112 and FTA Section 5303 funds.

IV. TASK 3.0 - SHORT RANGE PLANNING

A. OBJECTIVE

To complete those activities associated with near-term planning and implementation for projects that will be undertaken within the next five years.

B. EXPECTED PRODUCTS

Short range planning activities will result in strategies that will support those planning policies needed to preserve the continuing flow of traffic. The MPO also anticipates continued participation in the regional service planning process, as well as, any activity associated with FTA’s, Job Access Reverse Commute (JARC), and New Freedom.

C. PREVIOUS WORK

Staff assisted in the continuous revisions of the 2011-2014 Transportation Improvement Program and the preparation and revision of the 2013-2016 Transportation Improvement Program.

D. SUBTASKS

3.1 Transportation Improvement Program (TIP) - assisting in the development and revision of the Transportation Improvement Program.

E. FUNDING & PARTICIPATION SUMMARY

Task 3 - FY 13

V. TASK 4.0 – METROPOLITAN TRANSPORTATION PLAN / LONG RANGE PLANNING

A. OBJECTIVE

To continue study and analysis of projects and data for long-range planning elements and long-range project studies.

B. EXPECTED PRODUCTS

**FY 2013 UPWP
DRAFT REVISION #3**

Staff expects to assist in the continual revision of the existing Metropolitan Transportation Plan (MTP) to conform to state and federal requirements. Staff will also assist in the development of the 2015-2040 MTP

C. PREVIOUS WORK

Staff assisted in the continuous revision of the 2010-2035 Laredo Metropolitan Transportation Plan.

D. SUBTASKS

- 4.1 2010-2035 Laredo Metropolitan Transportation Plans (MTP) - assist in the ongoing revision of Metropolitan Transportation Plan.
- 4.2 2015-2040 Laredo Metropolitan Plan (MTP) - Update existing MTP to conform to state and federal requirements. This includes and evaluation of the existing transportation system, public transportation, environmental conditions and transportation needs and developing a financially constrained implementation plan. The project will include a land use and socioeconomic conditions and forecast element.
- 4.3 Transportation Management Area (TMA) Certification Project – Objective: All current MPO Policies, Plans, Programs, Procedures, and Agreements will be reviewed and amended if necessary, in order to comply with all requirements pertaining to a TMA under Moving Ahead for Progress in the 21st Century (Map21). The Certification Notebook addressing the TIP, MTP, UPWP, and other planning issues will be produced in preparation of the Desk Audit The project will all provide for recommendations for short and long term improvements necessary to achieve TMA certification. Expected Outcome- All MPO Policies, Plans, Programs, Procedure, and Agreements in full compliance with Map 21 requirements for TMAs, including the production of the Certification Notebook in preparation for TMA Certification. (To be conducted by consultant)

DRAFT REVISION #3**

VI. TASK 5.0 - SPECIAL STUDIES

A. OBJECTIVE

To further the goals and objectives of the transportation planning process through special studies undertaken by MPO staff or consultants in support of existing or projected local needs. To maintain the transportation management systems required by federal and state regulations, to assist decision-makers in selecting cost-effective strategies to improve the efficiency and safety of and protect the investment systems.

B. EXPECTED PRODUCTS

These are specific studies and projects that address special problem areas or help promote and support transportation related topics.

C. PREVIOUS WORK

The Downtown Signalization Study was completed in FY 2008, the Transit Development Plan was completed in FY 09, the McPherson Corridor Capacity and Mobility Analysis Project was completed in FY 10. In FY 11 both the Bus Rapid Transit Plan and the Del Mar Corridor Study were completed. A request for proposal for the Congestion Management Plan is in the process of being developed. A request for proposal was issued for the ADA Paratransit Plan was issued and consultant was selected.

D. SUBTASKS

5.1 Congestion Management Plan

Objective: To identify and evaluate the likely performance and expected benefits of a variety of congestion management strategies. The CMP is required to be developed and implemented as an integral part of the metropolitan planning process in Transportation Management Areas (TMAs).
Expected Outcome: The plan will provide congestion management recommendations, intended to facilitate the safe and effective management and operation of new and existing transportation facilities, in accordance with all Federal guidelines. (To be conducted by consultant. This is a carryover project.)

5.2 The Para-Transit Plan Update

Objective: In cooperation with El Metro, study will be conducted to evaluate the existing paratransit system and area needs and provide recommendation for system improvements.
Expected Outcome: to update the current 2003 ADA Paratransit Plan to conform to current Federal and State laws. (To be conducted by consultant. This is a carryover project.)

**FY 2013 UPWP
DRAFT REVISION #3**

5.3 Railroad Quiet Zone Study Update

Objective: Develop a strategy to implement a train whistle ban in Laredo following adopted federal guidelines. The study will evaluate railroad lines by segments and provide detailed recommendations for implementation. Data will be collected at each railroad crossing and analysis and recommendations will be developed for each crossing. The study will also provide recommendations regarding capital improvements necessary, cost estimates, alternative recommendations, and order of implementation for infrastructure improvements. Expected Outcome: To update the study that was performed for the MPO in 2006. (To be conducted by consultant)

SUPPLEMENTAL INFORMATION TO APPENDIX G

METROPOLITAN AND STATEWIDE PLANNING

The Laredo MPO certifies that it provides continuous, cooperative and comprehensive transportation planning, addressing major issues facing the Laredo urban area and its planning process is conducted in accordance with all applicable transportation planning requirements, including the eight planning factors outlined in SAFETEA-LU. All requested reports and necessary documentation is submitted as required and on a timely basis. The Laredo MPO extends full cooperation and consultation as needed with the State on planning activities and programs.

CLEAN AIR ACT

The Laredo MPO is in attainment status in regards to air quality (Ozone, CO and PM-10). However, air quality issues are incorporated into the transportation planning process and environmental impacts are addressed in most studies funded through the MPO.

TITLE VI, CIVIL RIGHTS ACT OF 1964

The Laredo MPO implements a Public Involvement Process that facilitates the participation of minority and low-income populations in transportation decision-making and strives for increased public involvement as part of the metropolitan planning process. By constantly evaluating its public involvement efforts, as well as developing new techniques, the MPO attempts to increase community awareness to address the needs of low-income populations within the urban area. As part of the MPOs efforts to increase public awareness, attempts are being made to establish working relationships with the local media. The resulting publicity may increase the exposure of MPO activities and increase the involvement of the community. MPO Policy Committee meetings are also televised in order to allow the community to keep abreast of MPO planning activities.

Every decision by the MPO is made with the challenge of ensuring that projects do not disproportionately have adverse impacts on minority or low-income populations. In addition, special efforts are made to identify minority and low-income sectors within the urban area. Because 94% of the population within the urban area is of Hispanic origin, data and mapping efforts focus primarily around low-income populations, as determined by US Health and Human Services guidelines and utilizing US Census information as it becomes available. The products developed as part of this effort will allow for better planning by all agencies involved and will assist in identifying needs in areas inhabited by traditionally underserved populations.

MPO and City staffs are active in addressing environmental justice issues in Laredo. This is evidenced by the implementation of the Community Development Block Grant Program (CDBG), which is managed by the Department of Community Development. The CDBG is a Federal entitlement program that provides assistance to income-qualified families in designated target areas. Historically, the City has provided affordable housing, public facilities and public infrastructure improvements (streets, sidewalks, sewer and waterlines, etc.) to low-income areas of the community.

DISADVANTAGED BUSINESS ENTERPRISES (DBE)

The Laredo MPO is committed to maximizing the opportunity of minority and women owned enterprises to participate in the performance of contracts financed in whole or in part with Federal funds. The Laredo MPO maintains a list of consultants that is used for mailing requests for proposals and these

are also noticed in the newspaper. The MPO honors all written requests by consulting firms for inclusion to the list. Furthermore, all consulting contracts address DBEs through Article XXIII (Minority Business Enterprises) and any work subcontracted by a hired consultant must adhere to these provisions (Article XIII).

AMERICANS WITH DISABILITIES ACT OF 1990

The Laredo MPO exercises good judgment in ensuring that discrimination based on disability does not enter into the transportation planning process. This includes taking into account the special needs of disabled persons in all aspects of the planning and implementation of new transportation projects. In regards to public transportation, paratransit service is provided to persons with disabilities with efforts to accommodate special needs. Since 1994, the Laredo transit system (El Metro) has complied with the ADA Paratransit Plan for Laredo, TX. The Laredo MPO also coordinates with the City of Laredo Planning Department and the Sidewalk Access Committee, which was developed for the sole purpose of identifying and addressing ADA access issues along major thoroughfares.

RESTRICTIONS ON INFLUENCING CERTAIN FEDERAL ACTIVITIES

The Laredo MPO (both Policy Committee members and staff) commit and certify that no Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement. This component of self-certification is also upheld through the "Lobbying Certification" (Appendix D) included in the UPWP.
