LAREDO URBAN TRANSPORTATION STUDY **ACTION ITEM** DATE: **SUBJECT:** A MOTION(S) Receive public testimony and approve Resolution No. MPO 2015-11 adopting the proposed revision(s) of the 2015-2040 Laredo Metropolitan Transportation Plan (MTP) which include: 10-19-15 1. Amending Table 12-10, entitled Roadway and Bicycle/Pedestrian Project Summary and Table 12-11, entitled Roadway projects, and Figure 12-1, entitled Federally fund Roadway, Bicycle and Pedestrian Projects, by: a. adding project CSJ 0922-33-925, phase 1, intended to provide for the preliminary engineering of a 5 lane rural roadway, from FM 1472 to 0.1 miles east of Beltway Parkway, with an estimated cost for schematic and environmental document of \$1,016,063; and, b. adding project CSJ 0922-33-925, phase 2, intended to provide for the construction of a 5 lane rural roadway, from FM 1472 to 0.1 miles east of Beltway Parkway, with an estimated cost of construction of \$20,890,841; and, c. adding project CSJ 0922-33-950 intended to provide the construction of 5 lane rural roadway, from 0.1 miles east of Beltway Parkway to IH-35 with an with an estimated total project cost of \$ 24,544,444 with an estimated 2025 year of expenditure cost of \$25,193,851; and, 2. Amending Table 12-22, entitled Illustrative Projects by *revising* project No. 7, described as Green Ranch Parkway, intended to provide for the engineering and construction of a 2 lane roadway, from FM 1472 to IH35, with an estimated total project cost of \$34,100,000; such that the project will now be identified as Hachar Parkway and will provide for the engineering and construction of a 10 lane freeway (mainlanes and ramps), from FM 1472

to IH-35, with an estimated 2036 year of expenditure cost of \$90,673,786.

3. Amending Table 12-8, entitled Roadway and Bicycle/Pedestrian Operations and Maintenance Costs by revising the projected revenue and cost estimates per the latest projections.

MTP15-40/REV 02

INITIATED BY:

STAFF SOURCE:

Staff

Nathan Bratton, MPO Director

PREVIOUS ACTION:

On December 15, 2014, the Policy Committee adopted the 2015-2040 Metropolitan Transportation Plan (MTP). The Policy Committee approved revision #1 of the MTP on April 20, 2015.

BACKGROUND: The Laredo Metropolitan Transportation Plan is an official, comprehensive, intermodal transportation plan developed and adopted for the metropolitan planning area. The MTP identifies the existing and future transportation needs and develops coordinated strategies to provide the necessary transportation facilities essential for the continued mobility and economic vitality of Laredo. These coordinated transportation strategies include roadway development and operations, truck and rail freight movement, transit operations, bikeways and pedestrian facilities. The development of the MTP is required under the Transportation Equity Act for the 21st Century (TEA-21), and the Safe, Accountable, Flexible, and Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) of 2005, and Moving Ahead for Progress in the 21st Century (Map 21) to assure the continuation of federal transportation funds. The plan must address, at a minimum, a continuous twenty-year planning horizon.

As of December 11, 2007, SAFETEA-LU required that all revisions to the Transportation Improvement Program (TIP) shall also be reflected in the Metropolitan Transportation Plan (MTP). That is a continued requirement under MAP21.

The MTP is proposed for revision as follows. See ATTACHEMENT A

COMMITTEE RECOMMENDATION:	STAFF RECOMMENDATION:					
Approval.	Approval.					

Proposed Amendments:

A-1. Purpose: Add project CSJ 0922-33-925, phase 1, to funded projects listings.

CSJ 0922-33-925 (Hachar Parkway) FM 1472 to 0.1Mi East of Beltway Pkwy: 5 lane rural roadway Engineering

Description: The project will provide the preliminary engineering (schematic and environmental) for a 5 lane rural roadway, from FM 1472 to 0.1 miles east of Beltway Parkway, 5.07 miles in length. The roadway is intended to be extended toward the east until it intersect with IH 35 and will thus ultimately provide an alternate east west connection between Mines Road and IH 35.

Year: 2016

Total Project Cost (2015 Dollars):

Other Unfunded Needs

The MPO has determined that the following projects are needed for congestion relief, economic development, and improved safety. However, current funding forecasts leave these projects without an identified funding source. Should additional funding be made available through either federal, state, local, or other sources, these projects will be developed and advanced accordingly. These projects are considered as "illustrative" and are outside the financial constraint of this plan. Figure 12-3 shows the locations of these illustrative projects. Table 12-22 describes the details of these projects.

Figure 12-3: Illustrative Projects

FREITE

7 Green Ranch Pkwy from FM 1472 to IH 35: Construct new roadway with 2 lanes

Description: The project will provide an addition east-west to connect FM 1472 (slightly south of the intersection of FM 1472 and FM 3338) to IH 35 (approximately 1 mile north of the Uniroyal Drive/Beltway Parkway). It could divert traffic, especially commercial traffic from SH 255 and Killam Industrial Boulevard. Commercial truck traffic traveling between Laredo-Colombia Solidarity Bridge and the trade/trucking/warehouse areas along IH 35 could utilize this route to shorten travel time.

Total Cost: \$34.41 Million
Funding: Unfunded
Environmental Impacts and
Environmental Justice:
The project passes through 100-year
flood plains, but it is not near low
income areas or cultural resources.

7 Hachar Pkwy from FM 1472 to IH 35: Construct freeway with 10 lanes (main lanes & ramps)

Description: The project will provide for the expansion of the currently programmed 5 lane road to a 10 lane Freeway with main lanes and ramps. It is intended to provide an east-west to connect FM 1472 (slightly south of the intersection of FM 1472 and FM 3338) to IH 35 (approximately 1 mile north of the Uniroyal Drive/Beltway Parkway). It could divert traffic, especially commercial traffic from SH 255 and Killam Industrial Boulevard. Commercial truck traffic traveling between Laredo-Colombia Solidarity Bridge and the trade/trucking/warehouse areas along IH 35 could utilize this route to shorten travel time.

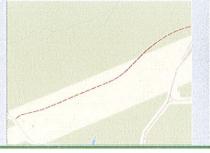

Letting: 2036-2040

Total Project Cost: \$63,486,102

YOE: \$90,673,786 Funding: Unfunded

Environmental Impacts and Environmental Justice:

The project passes through 100-year flood plains, but it is not near low income areas or cultural resources.

RESOLUTION NO. MPO 2015-11

BY THE LAREDO URBAN TRANSPORTATION STUDY METROPOLITAN PLANNING ORGANIZATION POLICY COMMITTEE

REVISING THE 2015-2040 METROPOLITAN TRANSPORTATION PLAN (MTP)

WHEREAS, the Laredo Urban Transportation Study (LUTS), the designated Metropolitan Planning Organization (MPO) for the Laredo Urban Area, has reviewed the proposed revision(s) of the 2015-2040 Metropolitan Transportation Plan (MTP); and,

WHEREAS, the Laredo Urban Transportation Study finds that the proposed revision(s) of the 2015-2040 Metropolitan Transportation Plan (MTP) meets the high priority improvements necessary for the LUTS area;

NOW THEREFORE BE IT RESOLVED, that the Laredo Urban Transportation Study, as the designated Metropolitan Planning Organization for the Laredo Urban Area, adopted the proposed revisions of the 2015-2040 Metropolitan Transportation Plan (MTP), which are attached hereto and made a part hereof for all purpose:

We certify that the above resolution was adopted on October 19th, 2015 at a public meeting of the Policy Committee of the Laredo Urban Transportation Study.

Honorable Pete Saenz

Mayor of Laredo and Chairperson of the

MPO Policy Committee

Nathan Bratton

MPO Director

Melisa Montemayor

Laredo District Administrator
