On November 15, 2023 the MPO Policy Committee approved a motion to receive public testimony and initiated a 10-day public review and comment period for the proposed revisions.	
<b>BACKGROUND:</b> Metropolitan Planning Organizations are required to develop and update the Metropolitan Transportation Plan (MTP) for their respective metropolitan area covering a planning horizon of at least 20 years. The Laredo Metropolitan Transportation Plan is an official, comprehensive, intermodal transportation plan developed and adopted for the metropolitan planning area. The 2020-2045 MTP identifies the existing and future transportation needs and develops coordinated strategies to provide the necessary transportation facilities essential for the continued mobility and economic vitality of the region.  Projects included in the MPO’s Transportation Improvement Program shall be consistent with the approved Metropolitan Transportation Plan. On April 19, 2021, an administrative modification to the MTP added <b><i>Appendix A – Short Range Projects Identified in the Metropolitan Transportation Plan (MTP) and Listed in the Transportation Improvement Program (TIP)</i></b> to facilitate the identification of projects on both the TIP and the MTP, and to ensure consistency between both documents.  The proposed revision is intended to make the necessary changes to the MTP, specifically <b><i>Appendix A – Short Range Projects Identified in the MTP and Listed in the TIP</i></b> to incorporate and reflect the proposed revisions to the 2023-2026 TIP.  <b>No public comments were received.</b>
